

## UNION MEMBERSHIP REACHES 197 MARK

Student Campaign Obtains  
100 Applications During  
One Day.

### TO CANVASS COUNTY

licit Territory Outside of  
Columbia.

The first day of the membership campaign of the Missouri Union brought the total membership to 197. This figure is up to 11 o'clock this morning. About one hundred of this number were obtained yesterday.

The campaign is now being carried on by schools. Later the solicitors will canvass fraternity houses, dormitories and boarding houses, said H. H. Kinyon, corresponding secretary of the Union, today. D. J. Owen, the vice-president, obtained twenty-five members between classes yesterday. He secured the highest number of any individual.

Mr. Kinyon said today that the total membership was probably well over the 200 mark, as many solicitors have signed applications which they have not turned in. Each man reports to him daily. A committee meeting will be held later in the week.

The athletic department of the University and the Union are planning sending out letters to all alumni and former students asking them to attend the Home-Coming on November 4. These letters will tell of the Texas game and of the program planned at the Union building for that day.

"The local alumni are not coming in very fast," said Mr. Kinyon. "They have not been solicited, but will be next week."

The alumni last night appointed the following men to solicit Boone County: Stockton Fountain, Centralia; Bob Hill, the neighborhood around Columbia; Dr. A. D. Bass, Ashland; Don Carter, Sturgeon; L. L. Hunt, Huntsdale; Lee Walker, Harry Jacks, C. B. Rollins, Dr. C. M. Sneed, Wood Sapp, Ben Nowell, Victor Jones, E. Sydney Stephens, A. C. Bayless, Rex B. Magee and P. M. Class, of Columbia. This committee will solicit among the alumni in Boone County and in Columbia.

The new Union building plans and a picture of the building will soon be circulated among all students and alumni. This will serve to arouse enthusiasm in the Union, said Mr. Kinyon.

### COME MEN, YOU PRIMP TOO!

Tight Coats and Pinchbacks Attract  
Trouser-Wearing Populace.

Styles for men! Yes, there are such things. And it is at this time of year, when new students come from all parts of the country, that the styles are most contrasted.

From the cities comes the closer fitting coat, a trifle longer this year, trousers just as tight as before and brown shoes of various shades. The boys from the smaller towns are not wearing clothes so extremely shaped to their bodies, and their felt hats are still dented in the middle of the sides instead of at the front.

But what about the styles right here in the stores of Columbia? Well, Columbia merchants are going to catch all the trade, to be sure! So their fall goods are displayed in true Parisian style. Suits, in plain colors, homespun, faint stripes and plaids, are mostly semifitting. The pinch-back coat predominates for the younger men. Double-breasted coats are for sale and recommended as "what they are coming back to in the East," but the three-button soft-roll still is the favorite.

Trousers are just as tight and hipless as they were last year, and are with or without cuffs to suit the purchaser. Many cream-color socks are being worn, white ones, too—largely because the manufacturers will not guarantee the coloring in the black ones.

Nor are shirt colors guaranteed. But guarantee or none, the shirts are "louder" than ever. Pinks and reds and greens all will be worn. And with them soft colors will be seen this winter.

## U. W. LAMKIN RETAINS POSITION UNTIL 1919

Supreme Court Rules Ma-  
jor's Appointee Shall Re-  
main Superintendent.

### EVARD LOSES SUIT

Democratic Committee Nom-  
inates Gass' Successor to  
Be on Safe Side.

Uel W. Lamkin, State Superintendent of Public Schools by appointment of Governor Major, will hold office until January 1919. This was decided by the Supreme Court this morning in mandamus proceedings brought by I. N. Evard of Marshall, the Republican nominee for State Superintendent, against the Secretary of State to compel the placing of his name upon the ballot to be voted at the November election.

Mr. Evard's contention was that the appointment made by the Governor to fill the unexpired term of the late Howard A. Gass held only until after the next general election. The Secretary of State ruled that the appointment held until January 1919, when Mr. Gass' term would have expired. The Supreme Court sustained the decision of the Secretary of State.

In view of the possibility that the Supreme Court might decide against the Secretary of State and an election be necessary in November, the Democratic State Committee yesterday af-

ternoon nominated Mr. Lamkin by a vote of 19 to 7 for State Superintendent.

### Democratic Students Will Meet.

The Students' Democratic Club will hold a rally meeting in the Auditorium of the Y.M.C.A. at 7:15 o'clock tomorrow night.

# The Dominant Idea

Interior Union Building showing comfortable lounging and reading rooms.

Every business, every city, every institution must have a dominant idea. The dominant idea at the University of Missouri this year is the **MISSOURI UNION**. It's the idea that is to put Missouri U. in the forefront of American Universities. It's the idea that is to make the State of Missouri proud of its University. It's the idea that is to bring Missouri U. through the petty sectional fights that tend to impair its greatness and usefulness.

Every student--alumnus--professor--officer--former student **MUST** become a member of the Missouri Union.

And the fine thing about it is, you get your money's worth in a club building in addition to the part you take in putting over the **DOMINANT IDEA** at Missouri this year.
